II. Law Programmes

A. Bachelor of Law Programmes (B.A. LL.B. & LL.B. Degree)

The Bachelor of Law Degree Programme at this College is a Professional Degree Programme and is especially designed for those who intend to take Law as a profession, either as advocates, or law consultants, or law officers, or any other related legal field.

VMSCL offers two Bachelor Degree programmes namely,

- (i) B.A.LL.B. Five-Year Integrated Law Programme (Five-year programme) and**
- (ii) LL.B. Degree (Three-Year Programme).**

The B.A.LL. B Five Year Integrated Law Programme is a highly professional full-time programme leading to dual degrees, a Degree in Arts and a Bachelor’s Degree in Law. The Five-Year Integrated Law programme introduced by the Bar Council of India, adheres to the standards prescribed by the UGC and is approved by the Goa University.

The college also offers a three-year Professional Law Degree Programme (LL.B. Degree) recognized by the Bar Council of India. This is for students who have already completed their graduation in some other discipline and now wish to pursue Law as a career. The study of law during these three year stretches much beyond books and engages the students in development of their talents as well as in community participation. Social contexting of the students’ practical training programme is visible in the proactive social action by the student body filing substantial number of Public Interest Litigations (PIL) on various issues, in the High Court of Bombay at Goa.

The college focuses on learner centered teaching and in addition to the lecture method, it incorporates into the teaching process, various activities like seminars, debates, group discussions to further meaningful participation of students. Clinical Legal Education is effectively imparted through Moot Court, Client Interview & Counselling, Mock Trial, Negotiation, Mediation, Legal Aid, Law Clinics, Law Clubs and other related projects.

Students are required to participate in Moot Courts organized by the College, attend the Legal Aid Cells every weekend, attend Court, learn Court ethics, follow up cases, and attend a lawyer's office, as required under the teaching program. All students are provided a platform to participate in a plethora of competitions such as debates, skits, moot courts, client counselling, mediation, negotiation etc. Such competitions are based on legal topics and mock cases which are organized at the state level, national, and international level. This gives them an opportunity to undergo pre-training exposure simultaneously while pursuing their studies.

The Law Degree Programme is an intensive course and the students are required to be actively involved in the activities of the College. They have to also undergo internship training during their 4th and 5th year of the course. The College has also established a permanent Consumer Clinic, Prisons' Clinic, Child Rights Clinic and Centre for Disability Rights to provide legal aid to the aggrieved parties. The College is also known for rendering valuable, tangible and free-of-cost service to the community in the State of Goa through its Legal Aid activities. The Institution is unique for having 26 permanent Legal Aid Cells established in Goa for creating legal awareness on laws, obtaining senior citizen cards and Krishi Cards, to check implementation of welfare schemes and to provide such other legal-related services.

A robust sports culture is encouraged at VMSCL, and students have a choice of joining different sports activities. The NSS unit of the college is also very active and offers lots of productive activities to the students.

B. Masters of Law and Doctoral Programmes (LL.M. and Ph.D.)

With a view to offer a Post-graduate program to the B.A.LL.B or Law Graduate Students of Goa, VMSCL introduced an LL.M. Program by establishing a PG Department in Law in the year 1998. The College offers a two-year LL.M. Masters' Programme comprising four semesters. A law graduate from any Indian or foreign university recognized by the UGC and Bar Council of India, with at least 50% marks or equivalent grade [45% for SC/ST Candidates], can apply for admission to this programme. The objective of the LL.M. Programme is to develop legal academic acumen among the law graduates through an expert teaching programme, interdisciplinary inquiry and through practical appreciation of legal problems. The LL.M. program has been conducted successfully over a decade and half and has produced high quality students who have excelled in various fields not only in Goa but other parts of the country. From the academic year 2016, the College has heralded a new era in legal education in Goa by

adopting the LL.M. Program of the Goa University with a Choice Based Credit System of Instruction. This is to enable those students who have passed the LL.B. professional programme to seek academic excellence and to facilitate job opportunities, which require higher level of legal learning.

VMSCL is also recognized as a Research Centre for Ph.D. Degree and has several qualified faculty members who have successfully guided several PhD candidates.

In today's world it is necessary for every individual to make sure that he/her remain financially stable throughout their life. Keeping that in mind the Students' Council organized a financial literacy program for the 3rd year BALLB students. Ms. Megha Pai, Financial Consultant from Panaji addressed our students on the topic. It was a very interactive session as the students were very much interested in taking care of their saving and investments. It was held on 5th May in the college.

7. INTER UNIVERSITY COLLOQUIUM ON IMPLEMENTATION OF NEP 2020 GUIDELINES FOR LAW DEGREE PROGRAMMES

The Inter University Colloquium on implementation of NEP 2020 guidelines for Law Degree Programmes was held at the Conference Hall of the Goa University on the 22nd June 2022. The Colloquium was an initiative of the Goa University and the Central University of Kerala, Kasargod in association with the Department of Law, Thiruvalla Campus, Central University of Kerala, V.M. Salgaocar College of Law, Panaji and G.R.Kare College of Law, Margao-Goa.

The welcome address was delivered by Ms. Sheila D'Souza, Dean, Manohar Parrikar School of Law, Governance and Public Policy. Ms. D'Souza stressed on the need for the University to adopt outcome-based learning, learner acentric approach while teaching the learners. She stressed on humanising the constitutional values so as to bring Goa University on par with the other law colleges in India. She opined that the National Education Policy (NEP, 2020) takes into account not what the teachers teach but what the learners learn. The key note address was delivered by Shri. Harilal Menon, Hon'ble Vice Chancellor, Goa University who was also the Chief Guest at the Colloquium. In his address, he highlighted the fact that information is easily available to the learners but how to tap the resources is the main idea that needs to be discussed under NEP 2020. He stated that education previously used to be teacher centric and it was more aimed at emotional learning. We need to give importance to the creative thinking among students, he reiterated.

Research as per the Hon'ble Vice Chancellor should not only be confined to pure sciences and one need not be a scientist to do so, but social science disciplines such as law can also revisit it. He also stressed upon the need to equate law with medicine. There is a greater need for community outreach, he opined. Likewise, he wound up by staking his claim on skill based learning which should be encouraged in the policies of the educational institutions.

Vote of thanks was proposed by Dr. Jayashankar, Assistant Professor, Central University of Kerala. He thanked the Goa University and the two law colleges for actively cooperating with the organisation of the Inter collegiate Colloquium. He also appreciated the efforts put up by Dr. Marian Pinheiro, Ex- Dean Faculty of Law and Ex- Principal of V.M. Salgaocar College of Law.

Also present for the inaugural function was Dr. Girish Kumar, Ex-HoD, Central University Kerala, Kasargod.

TECHNICAL SESSION -I

The first technical session was by Dr. G. Shaber Ali, Officiating Principal, V.M. Salgaocar College of Law, Panaji. He spoke about the measures to improve the ratio of Higher Education courses. He started by firstly stating that the colleges have to be joined by clusters, but the issue, he opined was how to make such clusters. Multi program colleges can do this form of a cluster but the law colleges are restricted on the basis of Legal Education Rules 2008 which lays down the norms for effective implementation of legal education. He stated that our students are not equipped to deal with the practical life situations as they are unable to come out of their books and relate to the real life situations. This leavest them handicapped to handle matters in courts independently.

Another issue was of Internship. 30 days internship is mandatory as per the Bar Council of India (BCI). But this also acts as a disadvantage as it cannot be held for a month and it should be a regular process. He further stated that ADR and Legal Aid have been brought together as a practical component under the NEP. But he devised a solution to the problem wherein he stated that the students can be encouraged to take up pro bono cases while teaching the practical subjects to their learners.

The second resource person was Dr. Saba Da Silva, Professor and Principal, G.R. Kare college of Law, Margao-Goa spoke on the topic “Skill Training in Legal Education- A Goan Experience”. He began by stating that skills are necessary for a successful career and necessary for training the law teachers for which there are two perspectives. Firstly, legal education should prepare learners for a practical perspective. Research, he opined should be taken up as whole and not just as pure sciences. He highlighted the role and objectives of legal education wherein the phenomenon of globalisation provides important contents. He also suggested for a revision of the law syllabi periodically, devising innovative pedagogical methods, analysis of practical components to be encouraged amongst the students to impart skills to them. He concluded by taking the views of Oliver Wendell Holmes. In Goa, he said there is a lack of UGC qualified teachers but the need of the hour is andragogy and not pedagogy as teachers training before

recruitment becomes a necessary recruitment. He highlighted the importance of faculty exchange, which needs to be encouraged in order to inculcate skills among them.

TECHNICAL SESSION II

This session started under the resourceful guidance of Dr. Jayashankar of the Central University, Kerala. He spoke at length about the strategy for development of implementation of NEP in the Universities and its Departments. He stated that vocational training should be encouraged amongst the learners. He brought about an innovative strategy by stating that upon the completion of one year a certificate should be given to the learner and upon completion of two years, a diploma could be awarded and upon completion of eight semesters successfully, a certificate of completion is required to be awarded to the learner. This will enable a holistic multi- disciplinary approach among the learner. The same strategy should be adopted for master's programme also wherein two years should be devoted entirely to research. Free entry and exit policy should be facilitated among the learners. Students can exit the programme after every year and re-join within four years.

The last session was addressed by Dr. Girish, Ex- HoD of the Kerala University. He spoke at length about the facilities that are adopted by Kerala University and the facilities provided by the Goa University to the learners and highlighted the practical difficulties that are faced by the teachers in the effective implementation of the NEP. The NEP cannot be implemented unless the universities go in for a CBCS pattern as there will be a sea change in the implementation of the NEP to a larger extent

Recognition & Awards

Pro Bono Club (PB club) Scheme

V.M. Salgaocar College of Law is starting the Pro Bono Club (PB club), by invitation, and has received Rs. 1 lakh from Department of Justice, Government of India.

Pro Bono Club (PB club) Scheme, has been conceptualized to strengthen the existing pro bono programme, by integrating law schools and students within its fold. The primary objective of this scheme is to improve the efficiency and quality of pro bono legal services by providing assistance to pro bono advocates through competent law students. Here, selected law students (known as 'Pro Bono Associates' or PBA) are part of Pro Bono clubs attached to law schools and helmed by a dedicated faculty in-charge. The faculty in charge is Ms. Pearl Monteiro

The term pro bono, short for "pro bono publico", is a Latin term which means "for the public good". In practice, the term is used specifically in context of the legal profession- referring to the

practice of giving voluntary legal advice to individuals and organisations that are unable to afford legal advice and/or cannot access legal aid.

Through this programme, the Government of India has, for the first time, initiated a programme to encourage the culture of pro bono lawyering in the country " with the objective of institutionalizing the practice.

It may be recollected that V.M. Salgaocar College of Law, Goa won the “**Legal Aid Best Performer**” award at the 4th National Symposium & Awards ceremony held on 9th January 2021, organized by the Droit Penale Group, A Unit of Arjun Das Gulati Memorial Society, Prayagraj, Uttar Pradesh. 10. Compulsory Moot Court (2021-2022)

Faculty Co-ordinators

Incharge - Asst. Prof. Shruti Kamat Dalal

Dy. Incharge - Asst. Prof. Priyanka Shet

Mooting can best be described as an activity that comes closest to being a lawyer while still studying at law school. It involves identifying legal issues out of a complex factual scenario, doing exhaustive research on those issues to advance arguments with authorities, followed by drafting extensive written submissions and finally the gruelling orals before a bench of eminent judges. In a nutshell, it is everything a lawyer is expected to do once he starts practicing law.

Aim of Compulsory Moot Court Society.

The Compulsory Moot Court Society (CMCS) is entrusted with the responsibility of administering and facilitating all Compulsory mooting-related activities at Devi Sharvani Education Society's V.M. Salgaocar College of law and upholding the high standards of excellence that VMSCL has set for itself in the field of Compulsory mooting.

Our primary Aim includes:

- Planning, organizing, and executing the Compulsory Moot Court.
- Constituting a process that stretches over a month to Draft, Scrutinize, and release the Moot Problems and also to support and guide the students in their respective moot problems.
- Developing future mooters, as well as inculcating an interest in mooting. The CMCS follows a policy of encouraging participation in mooting from 4th & 5th year BA.LLB, SY & TY LL.B DEGREE students. Extensive orientation Sessions and demonstrations were conducted to enable students to learn the process of mooting and arrange for interactive sessions with experienced Faculty Members.

KEEPING OUR CHILDREN SAFE

These are my lips
They help me speak, they help me kiss
I kiss my mummy, I kiss my daddy
But when my teacher, an uncle or an aunty ask
for a kiss
I give them a flying kiss, I don't kiss them on their lips
or anywhere else.
I keep my lips safe

This is my chest
When I have a bath I clean my chest
But when my teacher, an uncle or an aunty touch my chest
I say No and I tell my mummy about it

These are my bottoms
They help me sit
I wear an underwear
to protect them
But when my teacher, an uncle or an aunty touch
or tickle my bottom
I say NO and I tell my mummy about it.

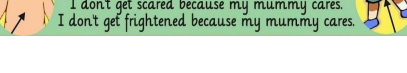

This is the part between my legs
I keep it clean.
I wear an underwear to protect it.
But when a teacher, an uncle or an aunty
touch the part between my legs
I say NO NEVER and I tell my mummy about it.

My lips, my chest, my bottoms and the part between
my legs belong to me. I can touch them.
But no teacher, uncle or aunty should touch or
tickle me there.

I should not touch or tickle anyone on their lips, chest,
bottom or the part between their legs.
These are important body parts and not to play with
I tell my mummy when someone troubles me.
I don't get scared because my mummy cares.
I don't get frightened because my mummy cares.

Teach your Children Good Touch & Bad Touch

Good Touch

It feels good to be hugged and kissed by people you love.

- When Mommy gives you a hug & kiss after you wake up.
- When Daddy gives you a good night kiss
- When Grandparents and Family come to visit and everyone gets a hug.

Bad Touch

Bad touch make us feel bad or uncomfortable.

- When someone Kicks, hits, pinches or slaps.
- When being touched where you are not supposed to be touched.

Private body parts are the parts you cover with your swimming suit when you go swimming. No one should ever touch your private parts except your parents or Doctor as they help to keep you clean & healthy.

No If someone gives me a bad touch, I say "no, stop that, back off" or "I don't like that" or "don't touch me that way".

"Never agree to keep it secret. Tell someone you trust."

If someone gives you a bad touch then you should tell:

- Parents
- Grandparents
- Teacher or
- Other Trusted adults.

Dear Friend,
When someone gives you bad touch. Don't feel that you are bad. Whoever gives you a bad touch is the one who is bad, not you. "Your body belongs to you!"

Nature of Activity: 'Guest Lecture on Rights of Children and the Pandemic'

Guest Speaker: Prof. (Dr.) Asha Bajpai, Founding Dean, School of Law, TISS, Mumbai

Held On: 18th December, 2021

Dr. Kim greeted the guest and welcomed her with a brief introduction to the history, objectives, workings, and achievements of the clinic. This was followed by a detailed introduction of the guest by the student compere. The guest commenced her lecture by enlightening the audience on the different kinds of vulnerable children in society be it, orphans, migrant children, missing or trafficked children, child labourers, and children exposed to exploitation, and stressed the ideology that though all children are not the same they

all need special rights and protection. Further, the guest initiated a discussion on the situation of children during the pandemic. She elaborated on the plight of migrant children and went on to talk about increase in child marriages due to dropping out of schools, poverty and malnourishment caused due to stopping of mid-day meals during the pandemic due to which children had to fend for themselves by rag-picking and indulging in child labour. The speaker went on to talk about how domestic violence and child helplines were overwhelmed during the pandemic. Many children who had been victims of domestic abuse were now locked in at home with their abusers. On the other hand, the speaker noted that there was a significant increase in child pornography and how abusers are now using online tools to abuse children. On the positive side, many colleges and institutions lent a helping hand in these situations through webinars, counseling, covid resources, information on migrant labour acts, government schemes and with active functioning of legal aid clinics, virtually. The speaker stressed the need for preparation for future pandemics and outbreaks and how awareness is the key to protecting children. Speaker gave suggestions to student members on how to bring effective change in the status of children post-pandemic. The guest took several questions on solutions for beggary, safe abortion during a pandemic and is an essential health service, child/teen pregnancies and why are child engagements not prohibited when child marriages are prohibited. With this, the lecture came to an end. The Vote of thanks was delivered by Prof. Priyanka Shet, Assistant Director of the Clinic who thanked the guest for her insightful and meaningful words.

ACTIVITY 5 – RTI

Nature of Activity: Major Programme

Held between: 12th-18th March, 2022

Summary: Pursuant to the meeting of the clinic dated 12th March, 2022, the Clinic under the guidance of the Assistant Director and Director of the Clinic has taken up a project with an objective to collate data with respect to the beneficiaries of various schemes being implemented in the state of Goa for the welfare of children, analyze and find gaps in the implementation of such schemes and spread awareness about the same. Through the following process which was undertaken by each member at an individual level, the clinic sought to achieve the said objective and subsequently hold awareness sessions for different stakeholders be it the children, their parents or Govt officers involved in these schemes.

Every member prepared and filed an RTI application with the PIO of the local Panchayat/Municipality. To avoid duplicity in applications in one area, members had to coordinate with the student in charge Ms. Christine De Souza. Where multiple members reside in

one area, neighborhood panchayats were allotted to make sure that maximum areas are covered. The reason for seeking information in the RTI application was cited as “academic purpose”

Questions to be asked in the RTI application were suggested by the Assistant Director and students and were subsequently drafted by Mr. Dhruv Dhawan. Questions that were asked in the RTI application are as follows:

1. Which welfare schemes pertaining to children are being implemented in the said Panchayat?
2. Among the above-stated schemes being implemented which schemes are for the benefit and welfare of the girl child?
3. Kindly state the number of beneficiaries for each scheme mentioned above over a period of the last 5 years?
4. Kindly state the number of applications received for each scheme and how many of the applications received have been granted, rejected or are pending.

Conclusion: All village panchayats who replied to the RTIs denied having any information pertaining to schemes for children. They forwarded and marked the applications to the Directorate of Women and Child Welfare. The Department did not reply to the RTIs within the time frame of 30 days except for the RTI of student member Mr. Pratap Naik who has been following up on data pertaining to the schemes from the Department.

ACTIVITY 6 – AWARENESS OF SCHEMES FOR CHILDREN PURSUANT TO REPLY OF RTI APPLICATION.

Nature of Activity: Major Programme

Held between: 6th-13th May, 2022

Summary: The student members of the Child Rights Clinic convened a meeting at 10:30 a.m. on 6th May, 2022 in the Moot Court Hall under the instructions of the Assistant Director of the Clinic, Prof. Priyanka Shet to discuss and deliberate on the activity to be conducted as part of the Major Programme for the Academic Year 2021-22. The members deliberated upon suggestions put forward by the faculty that pursuant to the RTI activity conducted by the clinic it is evident

that Village Panchayats and Municipalities in Goa have failed in their duty of reaching out to children, school students and their parents with respect to Central and State government schemes for their benefit. Now, it is pertinent that members reach out to as many underprivileged children as possible and conduct awareness and educational sessions so that children and their parents are made aware of such schemes.

Thus, it was decided that as part of the major programme, student members of the clinic will go in groups comprising of a maximum of 5 students to villages and interact with underprivileged children. Members will research schemes for the benefit of children and will get the script approved by the faculty before going to conduct the activity. Students were given a week's time to prepare and conduct the activity.

9th May 2022.

The first group to research the activity, take the approval of the faculty, and successfully complete the activity was Ms. Priyanka Bhagat, Ms. Simran Khadilkar, and Mr. Dhruv Dhawan who conducted the activity with 21 children in and around Shanti Nagar, Porvorim on 9th May, 2022 and made the students fill survey forms to know their awareness with respect to the schemes. It was found that while parents of some children were curious to know about the schemes, both children and their parents were not aware of beneficial schemes. Members apprised them of the schemes and held an awareness session. Members also collected the Details of the Children and the forms to be submitted to the Child and Welfare Department, Government of Goa.

14th May 2022

Project title: Community Sensitization of Child Welfare Schemes in Goa.

Project goal: To generate awareness among the underprivileged sections of the society regarding the necessary child welfare schemes aimed at the full and wholesome development of children, designed to ensure that children are safe and that families have the necessary support to care for their children successfully.

Area of the project: Indiranagar slum, Chimbél-Goa. Date: 14th May 2022 Time: 2:30-4:30 pm
Executive summary: Members of the clinic commenced the project by inquiring with the parents

having girl children below the age of 10 years regarding availing of the Sabla scheme. Most parents were unaware of it so the members elaborated on how they need to open a bank a/c which gives them a higher rate of interest under the scheme. For the convenience of these beneficiaries, Partita jotted down thoroughly on paper the instructions in the local language on how to go about it either in the bank or the post office. Further, members informed them about the documents they would require in order to avail of any of these schemes for instance- birth certificate, marriage certificate, address proof, Aadhar card, etc. Most of the slum dwellers possessed an Aadhar card. Members also introduced them to SAG (Scheme for Adolescent Girls) which helped girls from 11- 18 years of age learn new skills if they had dropped out of school or could not complete their education. The skills involve home skills, life skills, and vocational skills. Most people like Ramesh Kumar, a slum dweller having 2 girl children and one boy child were not acquainted with the Laadli Laxmi scheme which on availing gives a girl one lakh Rupees on turning 18 years old.

The Laadli Laxmi Scheme is being implemented through the branches of the following Banks. 1. State Bank of India 2. Bank of India 3. H.D.F.C. Bank. Members then, went on to explain the Griha Aadhar scheme which gave women Rupees 1500 monthly. Members informed them that this can be benefitted by widows as well as divorcees and the total income of the husband and wife should not exceed rupees 3 lakh. Members explained how the form should be acquired and submitted from/to such centers and put up at taluka level by the Director of Women and Child Development. The financial assistance of Rs.1500/- shall be paid every month directly into the savings bank account. Out of the many families we interacted with regarding this scheme, women from 2 families had already availed the Griha Aadhar scheme. Experience: It was an eventful experience for all the members. From financial inclusion to better health care, these Government schemes we believe, will not only encourage the birth of a girl child but will further improve the overall quality of life for the society's less fortunate. Some families were reluctant to interact with the members, however, Students managed to advocate and educate about the child welfare issues and tried to change some of the public perceptions, especially given the fact that there was a lot of stigmas attached to the birth of a girl child.
