About ADR Board

ADR Board of the College imparts training and exposure to students in Alternate Dispute Resolution (ADR) through effective client counseling, negotiation and mediation. The Board organizes orientation sessions for all students interested in being members of the ADR board, thereby augmenting their participation in the National and International ADR competitions. The enrolment of the students as members of the ADR Board undergoes a rigorous process of selection round, wherein the students are given a problem (two days in advance), and Confidential information (CI) 20 mins prior to their rounds which tests the skills of the students to negotiate and come up with creative solutions on modern-day issues. On successful completion of the selection rounds, the students are then selected to become members of ADR Board.

The selected members are further trained and are given the opportunity to represent the college at the National and International Competitions. The faculty coordinators / members of the institute are instrumental in engaging several training sessions of the members who represent the college at the National and International ADR competitions. Students of the college who have achieved laurels in the preceding year 2022-2023 are equally involved in engaging the trial rounds.
